

## Aged Care Services

Dedicated to the well-being of older persons, our team comprises skilled Occupational Therapists, Rehabilitation Assistants, and Kinesiologists. We bring extensive experience gained from working in Long-Term Care homes across British Columbia.

Our approach is rooted in collaboration—working closely with families and the broader care team.

We are driven by a shared goal: to minimize costs for both families and facility owners while delivering exceptional care.

Our Occupational Therapists specialize in equipment prescription, wound care, and mobility assessments, ensuring comprehensive support for the unique needs of each individual.

For more information on how our services can benefit your facility or your loved one, please do not hesitate to reach out.

We are here to make a positive difference in the lives of those we serve.
